

Harvard Campus Tour & Fellowship Leader

The mission of GPI US is to empower today's youth to thrive in a global world through educational study abroad programs. Our top-quality programs challenge, inspire, and educate our students to be better prepared for globalization. Many of our programs focus on global issues, leadership, cross-cultural understanding, problem solving, and communicative English. We aim to maximize students' experiences through thought-provoking seminars, engaging classes, excursions, conversations with peers, and practical discussion.

GPI US is seeking a Harvard student who is interested in sharing their Harvard experience with Japanese high school students visiting and learning in Boston. Interest in global education and Japanese culture and experience living abroad is a plus.

 - Topics of discussion should range from empowering/motivating personal stories to your daily life to why you chose Harvard
 - The fellowship is not an admissions session, but a more personal perspective on Harvard and college life
 - If students have trouble asking meaningful questions, we welcome you to guide the session, but please make sure to engage the students
- Leading a one-hour Tour of the campus for 10 – 15 students
 - The tour will be unique and personal, based on your time at Harvard. It can range from showing your favorite café or reading spot to your dorm or favorite classroom
 - The tour is not a Wikipedia history tour, although taking time for some famous photo spots and ancient Harvard myths and legends is always welcome
- Being able to engage students and draw out questions from students during the Fellowship and Tour
